Alvin J. Nance, President/CEO

Rusty Kestle  
U.S. Environmental Protection Agency  
61 Forsyth Street, SW  
Atlanta, GA 30303

Dear Mr. Kestle:

As you know, Knoxville's Community Development Corporation (KCDC) manages Montgomery Village, a public housing property adjacent to a U.S. Environmental Protection Agency (EPA) Superfund site in South Knoxville.

Some residents of Montgomery Village have expressed a desire to learn more about current EPA plans to further clean up the site. Because of our interest in keeping residents informed about matters that may impact them, KCDC would like to assist that process.

KCDC and the Montgomery Village Resident Association are writing to offer our services to facilitate another EPA public meeting at the housing complex to update residents on cleanup progress.

KCDC would be pleased to provide space for the meeting, as well as help notify residents and other interested parties about the update.

Please let us know if EPA is interested in sending a representative or representatives to such a meeting and within what time frame they could be available for a presentation and question and answer session.

We look forward to hearing from you on this important matter. Please contact Sean Gilbert, KCDC senior vice president of housing, at 865-403-1209. He will facilitate the meeting on KCDC's behalf.

Sincerely,

Alvin Nance  
Executive director and CEO  
KCDC

Ronnie Thompson,  
President  
Montgomery Village Residents Association
